## Session 1—Inventory Policies

|   |             |
|---|-------------|
| <b>Types and Classifications of Inventory .....</b>   | <b>1-9</b>  |
| Major Types of Manufacturing Inventory .....          | 1-9         |
| Subclassifications of Manufacturing Inventory.. ..... | 1-15        |
| Other Manufacturing Inventory.....                    | 1-17        |
| Service Inventory .....                               | 1-21        |
| <b>Aggregate Inventory Policies.....</b>              | <b>1-27</b> |
| Resolving Sales and Operational Conflicts .....       | 1-27        |
| Inventory Valuation.....                              | 1-31        |
| Inventory Performance Metrics .....                   | 1-39        |
| <b>Item Inventory Policies.....</b>                   | <b>1-45</b> |
| Lot Sizing.....                                       | 1-45        |
| Safety Stock.....                                     | 1-67        |

## **Session 2—Inventory Planning**

|  |             |
|--|-------------|
| <b>Order Review Methods</b> .....                      | <b>2-7</b>  |
| Independent Demand.....                                | 2-9         |
| Dependent Demand .....                                 | 2-21        |
| <b>Aggregate and Disaggregate Planning</b> .....       | <b>2-27</b> |
| Manufacturing Planning and Control.....                | 2-27        |
| MRP II for Service.....                                | 2-29        |
| <b>Impact of Lean Production Concepts</b> .....        | <b>2-31</b> |
| Tighter Coupling of Production Activities.....         | 2-31        |
| Lean Production Tools .....                            | 2-37        |
| <b>Accuracy, Storage, Handling, and Tracking</b> ..... | <b>2-43</b> |
| Inventory Accuracy.....                                | 2-43        |
| Storage and Location of Inventory Items .....          | 2-59        |
| Handling, Tracking, and Tracing of Inventory.....      | 2-65        |

---

## Session 3—Information Used in the Material Planning Process

|  |             |
|--|-------------|
| <b>Information Used in Material Planning.....</b>            | <b>3-7</b>  |
| Inventory Data .....   | 3-7         |
| The Master Production Schedule .....                         | 3-19        |
| Engineering Data .....                                       | 3-29        |
| <b>Characteristics of the Material Planning Process.....</b> | <b>3-33</b> |
| Material Planning in Different Production Environments ..... | 3-33        |
| MRP Model .....  | 3-41        |
| Planning Process Parameters .....                            | 3-43        |
| Performance Characteristics .....                            | 3-47        |

## **Session 4—MRP Mechanics: The Basics**

|   |             |
|---|-------------|
| <b>Introduction.....</b>                                  | <b>4-7</b>  |
| MRP Objectives and Functions .....                        | 4-7         |
| The MRP Grid .....  | 4-9         |
| Bills of Material .....                                   | 4-9         |
| <b>MRP Calculation of Gross and Net Requirements.....</b> | <b>4-13</b> |
| Gross and Net Requirements and Planned Orders .....       | 4-13        |
| Sources of Gross Requirements .....                       | 4-13        |
| Summary of MRP Process Logic.....                         | 4-33        |

---

## Session 5—Using MRP Outputs and Managing Projects

|   |             |
|---|-------------|
| <b>Maintaining the Material Plan.....</b> | <b>5-7</b>  |
| Maintain Order Priorities.....            | 5-7         |
| Pegging.....                              | 5-13        |
| What-If Analysis and Simulation .....     | 5-21        |
| Revision of Planning Parameters .....     | 5-23        |
| Closing the Loop .....                    | 5-33        |
| Integration of Lean with ERP/MRP.....     | 5-37        |
| <b>Project Management.....</b>            | <b>5-39</b> |
| What is a Project?.....                   | 5-39        |
| Project Phases.....                       | 5-39        |
| Conceptual (Initiation) Phase .....       | 5-41        |
| Planning Phase.....                       | 5-41        |
| Project Plan Elements.....                | 5-43        |
| Execution (Implementation) Phase .....    | 5-57        |
| Monitoring and Control Phase.....         | 5-61        |
| Closure Phase.....                        | 5-63        |

## **Session 6—Detailed Capacity Planning**

|  |             |
|--|-------------|
| <b>Influences on Detailed Capacity Planning .....</b>      | <b>6-7</b>  |
| Detailed Capacity Planning .....                           | 6-7         |
| Major Influences on Detailed Capacity Planning .....       | 6-7         |
| Flexibility of Capacity and Scheduling. ....               | 6-9         |
| Planning Material or Capacity First.....                   | 6-11        |
| Manufacturing Environment .....                            | 6-13        |
| Capacity-Related Terminology and Concepts.....             | 6-19        |
| <b>Information Used in Detailed Capacity Planning.....</b> | <b>6-27</b> |
| Capacity-Related Data .....                                | 6-27        |
| Load-Related Data and Sources of Load .....                | 6-49        |
| <b>Detailed Capacity Planning Techniques.....</b>          | <b>6-53</b> |
| System Design Specifications .....                         | 6-53        |
| Simulation and Modeling Techniques .....                   | 6-67        |

---

## Session 7—Detailed Capacity Management

|  |             |
|--|-------------|
| <b>Capacity Requirements Planning</b> .....            | <b>7-7</b>  |
| Capacity Management .....                              | 7-7         |
| Classical Capacity Requirements Planning .....         | 7-9         |
| <b>Capacity Management in Process Industries</b> ..... | <b>7-39</b> |
| Process Industries .....                               | 7-39        |
| Key Process Industry Characteristics.....              | 7-39        |
| Process Flow Scheduling .....                          | 7-41        |
| <b>Other Capacity Management Approaches</b> .....      | <b>7-51</b> |
| Line Balancing in Repetitive Manufacturing.....        | 7-51        |
| Capacity Management in Service Industries .....        | 7-55        |
| <b>Performance Measurements</b> .....                  | <b>7-59</b> |
| Introduction.....                                      | 7-59        |
| Key Performance Measures .....                         | 7-59        |

## **Session 8—Establishing Supplier Relationships**

|  |             |
|--|-------------|
| <b>Factors Determining Supply Relationships.....</b> | <b>8-7</b>  |
| Mutual Business Value Principles.....                | 8-7         |
| Make-or-Buy Decision.....                            | 8-9         |
| Purchasing Strategy.....                             | 8-13        |
| Strategic Sourcing.....                              | 8-17        |
| Tactical Buying.....                                 | 8-19        |
| Tactical Buying Versus Strategic Sourcing.....       | 8-19        |
| Financial Viability.....                             | 8-21        |
| <b>Collaborative Relationships.....</b>              | <b>8-25</b> |
| Strategic Alliances.....                             | 8-25        |
| Supplier Partnerships.....                           | 8-29        |
| <b>Supply Alternatives and Techniques.....</b>       | <b>8-33</b> |
| Sole, Single, or Multiple Sourcing.....              | 8-33        |
| Supplier-Managed Inventories.....                    | 8-39        |
| Cross-Functional Teams.....                          | 8-41        |
| <b>Communication with Suppliers.....</b>             | <b>8-43</b> |
| Strategic Communication.....                         | 8-43        |
| Operational Communication.....                       | 8-45        |

---

## **Session 9—Supplier Partnerships**

|  |             |
|--|-------------|
| <b>Product and Process Development .....</b>     | <b>9-7</b>  |
| Time-to-Market.....                              | 9-9         |
| Conventional Versus Concurrent Engineering ..... | 9-11        |
| Supplier Involvement.....                        | 9-11        |
| <b>Purchasing.....</b>                           | <b>9-13</b> |
| Purchasing Approaches .....                      | 9-13        |
| Types of Contracts .....                         | 9-15        |
| <b>Supply Chain Acceleration .....</b>           | <b>9-19</b> |
| Total Cost of Ownership. ....                    | 9-19        |
| Training .....                                   | 9-23        |
| The Role of Engineering .....                    | 9-23        |
| Supplier Relationship Management.....            | 9-25        |
| Delivery Approaches.....                         | 9-27        |
| Supplier Rating System .....                     | 9-31        |

## **Appendix**

|   |            |
|---|------------|
| <b>Progress Check Answer Sheet.....</b> | <b>A-1</b> |
| <b>Bibliography.....</b>                | <b>A-2</b> |

## **Index**

|                   |                |
|-------------------|----------------|
| <b>Index.....</b> | <b>Index 1</b> |
|-------------------|----------------|
