

CERTIFIED IN PRODUCTION AND INVENTORY MANAGEMENT (CPIM)

For more than 60 years, APICS has demonstrated a commitment to global supply chain excellence. Now part of ASCM, we're proud to offer CPIM, the globally recognized internal supply chain operations program that you've come to trust.

As an APICS CPIM designee, you will have the skills and knowledge it takes to get noticed by employers and stand out from your peers. Earning the APICS CPIM certification will demonstrate your commitment to advancing both your career and your company's operations.

Certification designed with you in mind

Professionals across all industries benefit from earning the CPIM certification, especially:

- Buyers and planners
- Materials managers
- Production managers
- Consultants

Professional growth begins here

- **Career advancement.** Designees on average earn 27 percent more than their counterparts without an APICS certification.
- **Increased credibility.** CPIM increases your knowledge and skills, helping you to stand out from your peers.
- **Increased confidence.** Benefit from becoming recognized as a production and inventory expert.

The CPIM exams consist of five modules:

CPIM Part 1

- Module 1 — Basics of Supply Chain Management

CPIM Part 2

- Module 1 — Strategic Management of Resources
- Module 2 — Master Planning of Resources
- Module 3 — Detailed Scheduling and Planning
- Module 4 — Execution and Control of Operations

CPIM exam preparation

APICS has designed several learning options to suit different learning styles, schedules, group sizes, and locations. Each learning option utilizes the APICS CPIM Learning Systems.
