Brief Table of Contents

Session 1	Operations Management Foundations
Session 2	Fundamentals of Inventory Management
Session 3	Purpose and Function of Inventory
Session 4	Inventory Replenishment Management
Session 5	Additional Inventory Replenishment Techniques and Inventory Performance
Session 6	Mid-Term Examination
Session 7	Lean Inventory – Theory and Practice
Session 8	Fundamentals of Purchasing
Session 9	Sourcing Strategies
Session 10	Purchase Order Management and Performance Measurement
Session 11	Final Exam

Table of Contents

Session 1: Operations Management Foundations

Principles of Operations Management – Program Overview	1-3
Principles of Inventory Management – Course Overview	1-5
Operations Management Foundations – Session Overview	1-7
Session Learning Objectives	1-9
What is Operations Management?	1-11
Why Study Operations Management?	1-13
What Business Trends are Impacting Operations Management?	1-15
What Do Operations Managers Do?	1-23
Career Opportunities in Operations Management.....	1-25
What Value-Added Activities are Performed?.....	1-27
How does Operations Management Fit into the Organization?	1-29
What is the Scope of Operations Management Functions?.....	1-33
Operations Management – Changing Perspectives	1-39
Operations Management and Business Strategy	1-41
Contributing Role of Operations Management to Strategy	1-43
Ten Strategic Operations Management Decisions	1-45
Inventory Management Concepts Self-Assessment	1-49
Inventory Management Terms Matching Exercise.....	1-51
Order Point Logic Exercise	1-53
Cycle Count Analysis Exercise	1-55
Review, Terms, Discussion Questions, Exercises	1-57
Terms Check.....	1-59
Performance Check – Answers and Test Documents	1-64
Discussion Questions	1-67
Suggested Additional Readings	1-71

Session 2: Fundamentals of Inventory Management

Fundamentals of Inventory Management Overview	2-3
Session Learning Objectives.....	2-5
Defining Inventory Management.....	2-7
Why Does Inventory Have to be Managed?.....	2-9
Inventory Management Objectives.....	2-11
What Does Inventory Management Do?.....	2-13
Classes of Inventory.....	2-15
Levels of inventory Management.....	2-17
Characteristics of Inventory in the Supply Chain.....	2-21
Strategic Inventory Management Process.....	2-23
Strategic Inventory Management Issues.....	2-25
Balancing Demand and Supply Objectives.....	2-27
Inventory – Conflicting Objectives.....	2-29
Inventory Trade-Off Decisions.....	2-37
Inventory Demand Flows.....	2-39
Supply Chain Inventory and Demand Flows.....	2-41
Inventory Dynamics.....	2-43
How Does Inventory Provide Value?.....	2-45
Inventory – Asset or Liability?.....	2-47
Return on Assets.....	2-49
Financial Impact of Inventory.....	2-51
Review, Terms, Discussion Questions, Exercises.....	2-53
Terms Check.....	2-55
Performance Check.....	2-60
Discussion Questions.....	2-63
Case Study.....	2-67
Suggested Additional Readings.....	2-71

Session 3: Purpose and Function of Inventory

Purpose and Function of Inventory Overview.....	3-3
Session Learning Objectives	3-5
Purpose of Inventory	3-7
Functions of Inventory	3-9
Purpose of Decoupling/Buffering Inventories.....	3-11
How Much Inventory Is Needed?	3-13
Components of Inventory Decisions	3-15
Defining Cycle Inventory	3-17
Defining Safety Inventory	3-19
Defining Seasonal Inventory	3-21
Inventory Cost	3-23
Unit Costs	3-25
Order Costs.....	3-27
Inventory Carrying Cost Components	3-29
Stockout Cost.....	3-33
Capacity-Related Costs.....	3-35
Inventory Valuation	3-39
Surplus/Obsolete Inventory	3-41
Transportation Cost	3-43
Measuring Inventory Performance	3-45
Cost-Benefit Trade-Off	3-47
Review, Terms, Discussion Questions, Exercises	3-49
Terms Check.....	3-51
Performance Check	3-56
Discussion Questions	3-59
Case Study.....	3-63
Suggested Additional Readings	3-67

Session 4: Inventory Replenishment Management

Inventory Replenishment Management – Overview	4-3
Session Learning Objectives.....	4-5
Understanding the Demand Driver	4-7
Defining Inventory Replenishment Management.....	4-9
Components of Inventory Management.....	4-11
Replenishment Review Interval.....	4-15
Continuous Versus Periodic Review	4-17
Inventory Replenishment Principles.....	4-19
Replenishment Ordering Techniques.....	4-21
Visual Review Technique	4-25
Two Bin System Technique	4-27
Periodic Review System Technique.....	4-29
Order Point Technique	4-35
Calculating the Safety Stock.....	4-41
Determining the Order Quantity	4-47
Order and Inventory Carrying Cost Components	4-49
Determining the Economic Order Quantity	4-51
Replenishment Planning Process.....	4-55
Review, Terms, Discussion Questions, Exercises.....	4-57
Terms Check	4-59
Performance Check.....	4-62
Discussion Questions.....	4-65
Case Study	4-69
Suggested Additional Readings.....	4-79

Session 5: Additional Inventory Replenishment Techniques and Inventory Performance

Additional Inventory Replenishment Techniques and Inventory Performance	5-3
Session Learning Objectives.....	5-5
Additional Inventory Replenishment Techniques	5-7
Supplier Lead Time Uncertainty.....	5-9
Time-Phased Order Point (TPOP)	5-13
Replenishment by Item Class.....	5-21
Inventory Performance Measurement.....	5-23
Financial Statements and Inventory.....	5-25
Inventory Values, Turns, and Ratios	5-27
Inventory Performance	5-33
ABC Inventory Control	5-35
Impact of Inventory Inaccuracy and Inventory Accuracy Tool Kit.....	5-41
Three P's of Inventory Control.....	5-43
Transaction Management	5-45
Periodic and Perpetual Inventory Review.....	5-47
Year-End (Periodic) Physical Inventory	5-49
Cycle Counting – Definition and Methods.....	5-51
Electronic Data Collection	5-61
Review, Terms, Discussion Questions, Exercises	5-63
Terms Check.....	5-64
Performance Check	5-68
Discussion Questions	5-71
Case Study.....	5-75
Suggested Additional Readings	5-79

Session 6: Mid-Term Exam

Session 7: Lean Inventory – Theory and Practice

Lean Inventory – Theory and Practice – Overview	7-3
Session Learning Objectives.....	7-5
Defining Just-In-Time (JIT)	7-7
Defining Lean.....	7-9
Why Implement Lean?	7-11
The Structure of Lean.....	7-13
Three Major Areas of Waste	7-15
Managing Inventory in a Lean Environment	7-23
Inventory Flow Analogy.....	7-25
Impact of Inventory Reduction.....	7-27
The Pull System – Basic Concepts	7-29
Kanban Overview.....	7-31
Calculating Kanban Cards – Production.....	7-33
Calculating Kanban Card – Move.....	7-35
One-Card Kanban Production Example.....	7-37
Calculating Kanban Cards – Supplier	7-39
Lean Benefits.....	7-41
Review, Terms, Discussion Questions, Exercises.....	7-43
Terms Check	7-45
Performance Check.....	7-49
Discussion Questions.....	7-51
Case Study	7-55
Suggested Additional Readings.....	7-59

Session 8: Fundamentals of Purchasing

Fundamentals of Purchasing – Overview	8-3
Session Learning Objectives	8-5
Defining Purchasing.....	8-7
Purchasing as a Key Business Function.....	8-9
Categories of Purchasing	8-11
Purchasing’s Strategic Responsibilities	8-13
Detailed Purchasing Responsibilities	8-15
Purchasing’s Place in the Organization	8-17
Typical Purchasing Organization	8-21
Purchasing’s Relations with Other Functions	8-23
Centralized Versus Decentralized Purchasing	8-25
Buyer/Planner Concept	8-29
Strategic Versus Operational Activities.....	8-31
Anatomy of Purchasing Strategy	8-33
Step 1- Environmental Scanning	8-35
Step 2- Organizational Structure.....	8-37
Step 3 - Inventory Strategy	8-39
Step 4 - Supplier Relations.....	8-41
Step 5 - Technology Enablers.....	8-43
Step 6 - Performance/Continuous Improvement	8-47
Review, Terms, Discussion Questions, Exercises	8-49
Terms Check.....	8-51
Performance Check	8-54
Discussion Questions	8-57
Case Study.....	8-61
Suggested Additional Readings	8-65

Session 9: Sourcing Strategies

Sourcing Strategies – Overview	9-3
Session Learning Objectives	9-5
Defining Sourcing.....	9-7
Defining Strategic Sourcing.....	9-9
Strategic Sourcing Activities.....	9-13
Tactical Buying	9-15
Tactical Buying Versus Strategic Sourcing	9-17
Sourcing Process Steps.....	9-19
Make or Buy Decision	9-21
Spend Analysis.....	9-23
Creating the Bid or Proposal	9-25
Supplier Sourcing.....	9-27
Supplier Categorization	9-33
Overview of Pricing.....	9-35
Negotiation Objectives.....	9-39
Discounting	9-41
Contracting.....	9-43
Design Collaboration	9-45
Advantages of Collaborative Supplier Involvement	9-47
Supplier Relationship Management (SRM).....	9-49
Benefits of SRM	9-53
Implementing SRM Strategy	9-55
Review, Terms, Discussion Questions, Exercises	9-57
Terms Check	9-59
Performance Check	9-64
Discussion Questions	9-67
Case Study	9-71
Suggested Additional Readings	9-75

Session 10: Purchase Order Management and Performance Measurement

Purchase Order Management and Performance Measurement – Overview	10-3
Session learning Objectives.....	10-5
Purchasing Management Process.....	10-7
Procurement Database Files	10-9
Timing of Purchases.....	10-11
Purchasing Process Methods	10-13
Purchase Order Flow	10-17
Determining PO Release	10-19
Material Requirements Planning.....	10-21
MRP Purchase Order Actions.....	10-23
Purchasing Kanban	10-25
Vendor Managed Inventory (VMI).....	10-29
Transportation Mode Decision	10-31
Receiving and Order Close-out	10-33
Status Reporting.....	10-35
Purchasing Performance Measurement.....	10-37
International Sourcing Overview.....	10-43
Impact of the Internet on Purchasing	10-47
Internet-Enabled Purchasing Components.....	10-49
Implementing e-Procurement.....	10-51
Review, Terms, Discussion Questions, Exercises.....	10-55
Terms Check	10-57
Performance Check.....	10-60
Discussion Questions.....	10-63
Case Study	10-67
Suggested Additional Readings.....	10-71

Session 11: Final Exam
